DEDICATED PUSH-TO-TALK BUTTON

3600 mAh BATTERY (AS AN OPTION)

THE NEXT GENERATION OF RUGGEDISED MOBILE DEVICES

SMART TECHNOLOGY IN TOUGH EXTREMES

> The Toughshield R500+ is the latest version of our premium rugged smartphone that offers a wide variety of features and solutions to a broad spectrum of industries and service providers. Its ultra-rugged design along with its safety features (dedicated push-to-talk and lone worker buttons) make it the ideal device for field service technicians, security personnel, mobile nurses, housing maintenance workers, regulatory inspectors, transport drivers, construction site staff and many more.

The R500+ can resist water, dust and other microparticles and its tough Corning® Gorilla® Glass screen allows it to withstand drops onto concrete from up to 1.2 metres. At the same time the R500+ is light, user friendly and its bright screen makes it an easy to read device. Toughshield's R500+ is also equipped with all the latest smartphone features including a large multi-touch capacitive screen, rear and front facing cameras, IPS (Inter Plane Switching) support, Audio and Video Player, Bluetooth v3.0, a 1.2GHz Quad Core processor, 4GB of built in memory and an expandable micro SD card slot (up to 32GB) for extra storage.

Enabled with NFC (Near Field Communication) technology, the R500+ also features support for 1D/2D Scanning, Facial Recognition, E-Compass and Signature Capture via 3rd party applications. The R500+ comes with GPS, Accelerometer, G-Sensor, Proximity and Light Sensors. The R500+ operates on Android 4.1 (Jelly Bean) and has dual SIM functionality.
